

Rapid progress has been made in the medical science. Every once in a while some new discovery is made that promotes the health of the people, and most of these discoveries are in the direction of simplicity. But somehow, the doctors manage to maintain a fairly effective monopoly on these new discoveries, with the result that the cost of keeping healthy remains at a pretty high level.

The foregoing parcel of philosophy was prompted by a letter which reached the prescriptionist of this column yesterday. It came from Miss Lillian Newton, librarian, who has discovered something that may contribute to the sum total of medical knowledge. It may even result in Miss Newton's winning recognition from the medical profession. It might not be amiss to begin, even thus early, to refer to her as Dr. Newton.

Here is Miss Newton's discovery: "During convalescence there is nothing that makes a patient forget his enforced confinement, and thereby hasten its end, more effectively than a good story," she writes. "I advise all doctors to become familiar with modern fiction. A man was cured of tonsilitis by reading Strickland Gilliland's 'Sunshine and Awkwardness' and another was able to leave the hospital simply by reading 'Galusha the Magnificent' by Joseph Lincoln." These are rather impressive citations in support of the discovery that good stories are better than poor medicine, but Dr. Newton is treading on rather sacred ground when she seeks to advise doctors, as follows: "Every doctor should know how to prescribe exactly the right novel for each particular case. These books do not always produce so happy a result, but the cure is worth trying because in no case could it work harm."

That sounds very interesting, but unless Dr. Newton includes this column in her list of literary productions of medicinal value, Home Town will take sides with the regular doctors.

There is some merit in the claim that a good story, or a good-looking nurse is helpful in bringing about a cure for some malady. Dr. B. D. Flaniken, in a moment of candor, while speaking to the Rotary Club Tuesday, admitted that a commonly used story often does more to effect a cure than the medicine the doctor prescribes. Of course, the patients pay for all this, and the trouble with Dr. Newton's plan of getting doctors to prescribe library books for their patients is that the books at the library are free. Doctors just naturally can't stand the idea of free goods.

—News comes from Amarillo that J. Ray, one-time editor of this newspaper, has become an oil man of wealth and influence. He is interested in a company that recently found oil. The capital stock of the company was \$60,000, according to reports and a few days ago some big company offered the sum of \$1,200,000 for the holdings of the local concern. The offer was declined and the former Vernon man may soon become one of the oil magnates of the country. Old acquaintances of Mr. Ray in Vernon will recall that he had the ability, apparently, to make money out of everything that claimed his attention. He even made money out of the newspaper business. That was something new.

Chief of Police W. W. Gilbert says he knows Spring has come, because he scarcely a day passes now that he doesn't receive a call to go out in town somewhere and advise some good housewife that it is a violation of the law to allow chickens to run about. Flower-planting time is here. Likewise gardening season. The Chief says when complaints begin to come into the City Hall that chickens are scratching up flower beds and gardens, he knows Spring has come. He says the chicken complaints are far better signs of Spring than the ground hog.

GOVERNOR FERGUSON EXPRESSES REGRETS

San Antonio, Feb. 16.—(P)—Governor Miriam A. Ferguson in a letter to Alejandro P. Carrillo, Mexican consul general here, has added her regrets to those of the Granger, Texas, Mayor regarding treatment the Mexican official received at a Grangercafe recently.

Carrillo and Mexicans he was visiting at Granger were refused dining room service. The Governor's letter was in response to a protest by the consul general and will be forwarded to Mexico City.

The Mayor's regrets a few days ago included assurance that Carrillo could expect the Mayor's personal hospitality on any future visit.

FORMER VERNON RESIDENT DIES AT DUNCAN, OKLA.

PROBE DEATHS OF CONVICTS

GRAND JURY INVESTIGATION WILL BE ASKED BY ATTORNEY GENERAL

Electra, Texas, Feb. 17.—(P)—Authorities are investigating the explosion Tuesday on the Fort Worth & Denver City Railroad right-of-way three miles east of here in which two men were instantly killed, one fatally injured and two other seriously hurt.

J. J. Martin, 55, section foreman of the railway, and a resident of Electra, and a Mexican section employee, Raymond Tornadez, were instantly killed.

P. Ochoa, another employee of the section gang, died at a Wichita Falls hospital last night, while Louis Roscoe is in a serious condition. Lewis Martin, son of the dead man, who with Roscoe was standing about 50 feet from the explosion, was also painfully injured, but not seriously.

That sounds very interesting, but unless Dr. Newton includes this column in her list of literary productions of medicinal value, Home Town will take sides with the regular doctors.

FARMER KILLED SWEETHEART ON DAY OF WEDDING

GRAND JURY INVESTIGATION WILL BE ASKED BY ATTORNEY GENERAL

Wewoka, Okla., Feb. 17.—(P)—Ernest Higdon, 22 year old farmer in Seminole County jail here, faces possibility of death in the electric chair or a life term in prison as the result of a confession that he shot his sweetheart, Rita May Gosa, 17, two hours before they were to have been married Sunday.

He signed a statement late yesterday after murder charges had been filed against him by County Attorney W. A. Billingsley.

The killing followed the girl's admission that she anticipated motherhood, the confession said. Higdon denied that he was the father of the child and refused to marry her, he said. When the girl declared that her parents, on their return from church, would force them to marry her shot her.

Production of Anthracite Will Start Thursday

Scranton, Pa., Feb. 17.—(P)—Anthracite production will be under way tomorrow.

After five months and seventeen days of idleness men and boys will wend their way through snowclad valleys to the mines. After the break-up, quit for the day in many sections, coal trains will be on the way to the consumers.

Prison records showed Taylor died of heart trouble but Mr. Taylor said his son had never been troubled with his heart. He requested exhumation of the body to determine if possible what caused his death.

The Taylor case is similar to that of Knox, who reports says was scalped to death when he failed to dig his share of coal. Prison records state Knox died from poison self-administered. Many newspaper reports said he was scalped to death in a vat, and poison forced into his body by some one at the prison camp. No official denial has been made of these reports.

KNIGHTS OF COLUMBUS TO PROTEST MEXICO'S ACTION

Washington, Feb. 17.—(P)—Knights of Columbus of Washington will meet soon to protest against the action of the Mexican Government in closing religious institutions presided over by foreign-born priests. The organization decided upon the step after hearing Archbishop Curley of Baltimore criticize the Mexican Government and the law in an address last night.

He defended the rights of priests in Mexico to protest against the law and while not mentioning prohibition in this country, he made indirect reference to it.

MYSTERY DEATH OF NEGRO BOY INVESTIGATED

Dallas, Feb. 17.—(P)—The mysterious death last night of a negro boy, 17, whose mother is among those charged with the murder of Clarence M. Isbell, motorcycle officer, was investigated today by police. The boy died at a hospital from a fractured skull without regaining consciousness. He was brought to the hospital by another negro, who disappeared while physicians were examining the lad. The negro told doctors the boy had struck his head against a lamp post in alighting from an automobile.

Teh boy's mother, Agnes Williams, is in jail with seven others charged with Isbell's murder. The policeman was shot to death several weeks ago when he halted an automobile driven by negroes.

PRESIDENT COOLIDGE SEEKS RELIEF FROM COLD

Washington, Feb. 17.—(P)—President Coolidge after a brief stay in his office, returned to his living quarters in the White House to seek relief from a heavy cold.

The President conferred with Chairman Madden of the House appropriations committee and received a call from Ambassador Riano of Spain. He then cancelled other engagements for the day.

The President appeared at his desk at the usual time and transacted business demanding his immediate attention. He has suffered for a long time with a nasal trouble and has taken regular treatment for it.

White House officials did not con-

sider the cold as serious, but said it could be more quickly dissipated if more rest was afforded him.

COUNCILMAN-ELECT GETS PRISON SENTENCE

Manila, Feb. 17.—(P)—Antonio D. Paguia, councilman-elect, was convicted today on a charge of sedition and sentenced to four months' imprisonment in connection with alleged insulting words used against Governor General Leonard Wood during a political campaign. On January 8, Paguia was sentenced to two months on a similar charge. Both cases have been appealed.

MARKETS

By Associated Press Leased Wire

COTTON.

New York Spot. New York, Feb. 16—(P)—The cotton market opened at a decline of 1 to 4 points, but the lower prices brought in renewed covering by near month shorts and some trade buying in later deliveries. After selling off to 19.98 at the

start, March rallied to 20.04 while October sold up from 18.11 to 18.15, the market showing net advances of about one to three points at the end of the first hour. Selling of new crop months developed at the opening on the weekly report of the weather bureau indicating good progress with plowing and other preparations for seeding cotton and corn in the Southwest.

The market was comparatively light but generally steady in the afternoon. Demand for March around the twenty cent level at the opening made a favorable impression on sentiment and that delivery sold up to 20.07 during the middle of the morning on covering while October advanced to 18.17, representing net gains of 3 to 6 points. Prices held within a point or two of the opening figures at midday. Mid-afternoon trading continued very quiet, prices holding around 20.05 for March and 18.16 for October at 2 o'clock or about 2 to 5 points net higher.

New Orleans Spot.

New Orleans, Feb. 17—(P)—The cotton market opened easy in readjustment with the parity of the Northern markets which declined during the holiday in the market here. Liverpool cables were favorable and first trades showed losses of 3 to 5 points. Prices eased off slightly after the call, March trading down to 19.39, May to 18.82, July to 18.32 and October to 17.52, or 4 to 7 points under Monday's close. Prices rallied at the end of the first half hour and practically recovered the opening losses.

The market, while comparatively quiet during the morning, developed a steeper tone owing to a resumption of covering of near months shorts rendered uneasy by the small certified stock. March traded up to 19.49, May to 18.93 or 10 to 11 points above the early lows and 4 to 7 points above the previous close. October rallied to 17.59 or 7 points up from the low, and 3 points above Monday's close. Around noon the market was steady and practically at the highs. The better undertone was helped by rains in the Western belt and promise of bad weather for the belt, generally.

The market was steeper with a little more trading during the afternoon and prices stiffened somewhat old crop months making new highs. The main stimulating influence was the promise of rainy and unsettled weather in the belt accompanied by a cold wave. March traded up to 19.52; May 18.94; July 18.44 and October to 17.59 or 7 to 13 points above the lows.

Liverpool. Liverpool, Feb. 17—(P)—Cotton steady. American strictly good middling 11.39; good middling 11.69; strictly middling 10.84; middling 10.29; strictly low middling 9.59; low middling 8.89; strictly good ordinary 8.24; good ordinary 7.59.

Sales 7,000 bales, 5,800 American; receipts 10,000 bales, 7,900.

New Orleans Futures.

New Orleans, Feb. 17—(P)—Cotton opened steady; March 18.40; May 18.62; July 18.34; October 17.53; December 17.56.

New York Futures.

New York, Feb. 17—(P)—Cotton futures opened steady; March 20.03; May 19.45; July 18.80; October 18.12; December 17.78.

GRAIN.

Kansas City. Kansas City, Feb. 17—(P)—Wheat 2 hard 1.66 to 1.70; No. 2 red 1.73 1-2 to 1.74 1-2; Corn No. 2 white 70 to 71 1-2; No. 2, yellow 70 1-2 to 72; Oats No. 2, white 40 1-2 to 41; No. 3 white 39 1-2 to 40 1-2.

Chicago. Chicago, Feb. 17—(P)—Reports of the failure of a grain company in Great Britain together with a sharp break in Liverpool quotations on future deliveries of wheat had a depressing effect in the Chicago wheat market today during the early dealings. The opening, 7-8c to 2 1-8c lower, May (new) 1.64 1-2 to 1.65 and July 1.47 3-4 to 1.48 1-4 was followed by some upturn from early bottom figures.

Weakness of cash corn acted as a weight on the speculative market for corn and oats. Sales of 26 per cent sample grade of corn were made at as low as 50c a bushel. In some extreme cases, certain grades of corn were apparently on a basis that could net Iowa farmers but little more than 30c a bushel delivered at country elevators. After opening 1-4 to 1 1-8c down, May 78 3-8 to 78 7-8, corn steadied at about the initial range.

Oats started 3-8 to 1-2 to 5-8c off, May 41 to 41 1-8c. Later the market rallied a trifle.

In line with hog values and other grain, the provision market was lower.

PRODUCE

Chicago. Chicago, Feb. 17—(P)—Potatoes, steady. Wisconsin sacked round whites 3.50 to 3.20; Minnesota sacked round whites 3.40 to 3.75; Idaho sacked russets 3.75 to 4.00.

Chicago. Chicago, Feb. 17—(P)—Butter lower; creamy extras 42c; standards 42c; extra firsts 41 to 41 1-2c; firsts 39 1-2 to 40 1-2c; seconds 37 to 39c. Eggs, higher; firsts 27 1-2 to 27 4c; ordinary firsts 26c.

MARY PHILBIN PLAYS
IN "STELLA MARIS"

Mary Philbin, in two separate roles, one made possible by the use of a makeup as elaborate as that of Lon Chaney in "The Phantom of the Opera" or "The Hunchback of Notre Dame," will be the attraction at the Pictorium Theater Wednesday only, when she will appear in the outstanding role in her career, in "Stella Maris," Universal's filmization of William J. Locke's romantic classic.

Some years ago Mary Pickford played the role, but the new version, as directed by Charles Barbin, the famous creator of "Driven," is so different that the roles can hardly be compared. Critics hold that it is Miss Philbin's greatest achievement since her leap to fame, practically overnight, in "Merry Go Round."

The story centers about the love of two men, devoted friends, for a beautiful cripple, and the doglike devotion of a little housemaid, befriended by one of the men, who gives up his life to save the happiness of the only man who had ever been kind to her.

Miss Philbin plays the two roles—one a beautiful creature as fragile as a Dresden doll—the other a coarse working girl of the London lower classes, but whose soul proves the greatest thing in the story at the dramatic denouement.

COURT CLOSES BUSY SESSION

JOINER MURDER CASE FEATURING WINTER COURT TERM

Present indications are that there will be no speedy agreement between the House and the Senate on the revenue bill, providing for drastic reductions in the various Federal levies. It is possible that the differences will not be adjusted in time for the measure to be effective on the payments due on March 15.

Both Houses displayed unusual responsiveness to the public demand for early action by quickly passing the legislation designed to reduce the tax burden of the country. It is to be hoped that this fine record will not be set at naught by prolonged discussion between the two conference committees.

The chief point of difference is the provision in the Senate bill for the repeal of the inheritance tax. The House leaders seem as determined to retain the inheritance tax as the Senate conferees are to have it eliminated.

Of course, there are other differences, but the division over this particular levy seems most serious.

The repeal of the inheritance tax, it seems to The Record, is highly desirable. This is a capital levy and a capital levy is justifiable only in national emergencies. The inheritance tax came into being as a war measure and as such there were no special objections to it. Nor were there objections as long as it seemed necessary in order to provide sufficient money to run the Government.

It is pretty generally agreed that there is no longer any necessity for the inheritance tax from this standpoint. Sufficient revenues are available from other sources. But desirable as it may be to have this tax eliminated, the Senate cannot justify prolonged delay in an effort to have its position accepted by the House. The new bill, even with the inheritance tax included, is far better than the old law, and its reductions should be made effective on the payments to become due next month.

NATURAL GAS SEEMS ASSURED

The unusual quantity of pipe being shipped into the territory between Vernon and Childress indicates that the Upman Company means business and that in due time Vernon, along with other towns between here and Childress, will be enjoying natural gas service.

Almost every siding between Vernon and Childress on the Fort Worth & Denver is being used to unload pipe. It is not known just how many cars have been received at points along the line, but at the rate cars are being received and unloaded it will not be a great length of time until there will be sufficient pipe on the ground to complete the main lines.

This is encouraging news to the people of Vernon. Some have been inclined to doubt whether the Upman Company really intended to go ahead with the project. This doubt has been occasioned by the numerous disappointments we had on the natural gas situation in the past ten years.

Some have become apprehensive that this latest project would also fail, because very little has been said by the officials of the Company since the franchise was obtained from the City. What bits of information newspapers have been able to obtain came from the most part indirectly, from railroads and other sources, and the result has been that many people had abandoned hope of seeing the gas lines built.

But there can be no doubt of the purpose of the Upman Company to pipe gas into towns along the Denver road. The investment in huge supplies of pipe to be used in laying the mains is itself a guarantee of the intentions of the Upman Company. Nobody would spend the money this company has already spent unless he meant business. There is every reason to believe that in due time Vernon will be served with natural gas.

POLICE FIND TWO BODIES

OMAHA OFFICERS FIND BODIES IN AUTO ON OUT-SKIRTS OF CITY

Omaha, Nebr., Feb. 17.—(AP)—A man and woman were found dead in an automobile on the outskirts of Omaha today. Police said they had been shot.

Detective Kenne said the couple appeared to be 30 or 35 years old. The car had been rented early Tuesday to a man giving the name of S. R. Ward of Omaha.

The coroner said it appeared to be a case of rejected love and subsequent murder and suicide. Both had been shot through the temple and a revolver was found clutched in the man's hand he said.

FOUR MURDER SENTENCES ARE AFFIRMED WEDNESDAY

Austin, Feb. 17.—(AP)—The Court of Criminal Appeals today affirmed four sentences for murder, overruled motion for rehearing in one murder case and reversed and remanded two murder cases.

Life sentence of George Bankard, convicted in Polk County for the murder of W. C. Richards, April 2, 1925, was affirmed.

Five year sentence of Frank Calabrizzi, convicted in Palo Pinto County for slaying L. N. Wimberly December 3, 1924, was affirmed.

Motion for rehearing of W. F. Ar buckle, convicted in Dallas County, of slaying Birdie Williams, April 27, 1925, was overruled.

Ten year sentence of Tom Young, convicted in Grimes County of murder in connection with the killing of E. M. Beckham August 11, 1925, was affirmed.

Five year sentence of E. B. McClure, convicted in Wichita County of murder in connection with the slaying of Wesley Lish, December 5, 1924, was affirmed.

The court reversed and remanded the case of P. W. Howard, sentenced to life imprisonment in connection with the beating and shooting to death of N. V. Nixon in Ward County, September 19, 1925, because inadmissible testimony of the wife of one of the principals was taken and the court erred in not granting a new trial.

Conviction of Frank Wilkes of murder of Dallas Morris, February 15, 1925, and sentence of 15 years in Newton County were reversed and remanded.

Assault to murder conviction and three year sentence of Bill Baker in Guadalupe County for attack on John Wright April 26, 1924, was reversed and remanded because the court erred in denying right of new trial.

Blackburn declined to publicly explain the cause of the shooting.

DE MOLAYS ELECT FOUR NEW MEMBERS TUESDAY

OIL FIELD BRIEFS

A good attendance was present at the openhouse meeting of the De Molay Tuesday night, according to E. M. Haney, adviser, and four new members were elected to the order. New members are Tommy King, Percy Vaughn, Dillard Starr and Paul Owens. The new members will be initiated at the meeting Wednesday night, February 24, according to Mr. Haney.

Approximately fifteen new members will be initiated into the order on March 2, at which time the order will give a big banquet, Mr. Haney states. It is planned to make this banquet one of the outstanding events in the history of the local De Molay. The Wichita Falls chapter has been invited to attend and take part in the initiation of the new members.

The new officers are learning their work rapidly.

FORMER A. & M. CHIEF CLERK WILL MAKE BOND

Bryan, Texas, Feb. 17.—(AP)—Attorneys for Charles A. Felkner, former chief clerk of the experiment station at A. & M. College today announced their client would make bond for \$25,000 in connection with indictments charging mis-application of experiment station funds.

Felkner was indicted by the Brazos County Grand Jury Monday on two charges of forgery, ten alleged fraudulent entries in books of accounts and 25 for alleged mis-application of public funds.

A firm of auditors from Houston examined Felkner's books but made public no estimate of the alleged shortage which is understood to approach \$100,000.

Daily Record Circulation Growth

November 1, 1925...000

December 1, 1925,...2,000

January 20, 1926,...2650

The growth of the circulation of The Vernon Daily Record has surpassed all hopes of the publishers. The circulation today is more than 1,000 greater than it was expected to be at this time.

The circulation of the old Semi-Weekly Record in the Vernon trade territory has been switched to the Daily Record practically 100 per cent. This proves conclusively that the people of Wilbarger County and adjacent territory tributary to Vernon want a daily newspaper that gives the local news while it is fresh and at the same time keeps them in touch with world news, while it is still news. No other medium gives this service.

The Daily Paper is the Logical Advertising Medium

Get Your Message to the People While It Is Fresh

The growth of The Record's circulation is proof that the people of the Vernon territory want their own daily paper and are willing to pay for it. The Record's circulation growth has been brought about without contests, premiums or other artificial means. Delinquents are not carried on the mailing lists merely to make a showing in circulation. The Record goes to paid-in-advance subscribers. These facts spell 100 per cent reader interest, which spells the maximum of pulling power for advertisers.

HITCH YOUR BUSINESS TO THE ADVERTISING MEDIUM THAT GOES TO THE GREATEST NUMBER OF PAID SUBSCRIBERS.

LIONS PLAN BIG BANQUET

WICHITA FALLS, ELECTRA AND BURKBURNETT CLUBS TO BE ENTERTAINED

Marvin C. Culbertson, local attorney, will be toastmaster. Dr. W. L. Rhodes, president of the Vernon Lions Club, will deliver the address of welcome. Leon H. Brown will make the address of welcome from the citizenship of Vernon, and responses will be made by the presidents of the visiting clubs, according to the program outlined.

The Presbyterian ladies will serve the banquet.

DECLINES PRESIDENCY OF FOOTBALL LEAGUE

Elaborate plans for the four-city Lions Club banquet to be held at the Presbyterian Church here Friday night have been made by the local Lions Club, President W. L. Rhodes announced Wednesday. The best speakers and musical talent procurable has been secured, the president states.

The banquet to be held here Friday night is the third of a series of get-together meetings held by the Lions Club of Wichita Falls, Burk Burnett, Electra and Vernon. Local officials of the club expect about 120 people at the banquet Friday night.

COIN SALE TO OPEN SATURDAY

LIONS CLUB PERFECTS SALES ORGANIZATION FOR CAMPAIGN

Saturday has been chosen by the Vernon Lions Club as the day for the inauguration of the Stone Mountain Memorial coin sale, according to W. L. Rhodes, president of the club. A large sales organization has been perfected by the committee appointed by the club, working with Miss Georgia Castlebury, sponsor, and officials of the club expect the quota of \$1,123 to be raised in one day.

A program for the public square near the confederate monument has been planned as an inaugural step in the coin sales. The program will begin at 3 o'clock Saturday afternoon, and will include addresses by a number of prominent citizens, and maneuvers by units from the local National Guard, and local Confederate veterans. Mayor Harry Mason, a Confederate veteran, will deliver the principal address.

The coin sale organization as per-

fected by the Lions Club's committee

consists of more than 36 high school girls. A headquarters booth will be

placed at the corner of Main and Pease streets, and coins will be placed

on sale in practically every store

in the city.

Stores of Vernon will display Con-

federate souvenirs in observance of

the opening of the sales campaign.

Flashes of Life

Falls Off Horse

Rome—Another royal sportsman has had his bumps. The Duke of Beramor fell off his horse during a fox hunt. Britain with its Prince of Wales and Japan with its Prince Chichibu, hurt in skating, are going to have nothing on these Fascists.

Wants Honors

Berlin—Now that Germany has joined the League of Nations and shared in heroism of the sea it wants a place in the sun, so far as women's tennis is concerned. Its married champion thinks she can beat the unmarried champions of France and the United States. Frau Robert Neppach is on the way to the Riviera and she's going to the United States later.

Demands Fashion Reform

San Antonio—Fashion reform is demanded by Bishop Droschaert, Roman Catholic. A diocesan letter says that what was formerly the exclusive badge of the scarlet woman has now become the vogue. He regards as degrading bathing girls revues in which young women are "appraised like dogs and cattle."

Postoffice Swamped

Winnemucca, Nev.—The postoffice is swamped by letters from women because of information that bachelors in the nearby town of Paradise outnumbered the women by 10 to 1. The name of the town presumably is unrelated to the proportion of the sexes.

Hollywood Scandal

Los Angeles—Another Hollywood scandal. There was a horse whip-

ping as the result of accusations of insults at the home of J. Stuart Blackton, movie director. It is charged by Lieutenant Gerard De Merven, physical culture instructor. Now the lieutenant is suing Blackton for \$15,000.

New Marriage Mode

New York—There's a new mode as to marriage in the fashionable young set, explains William Randolph Moore and his bride, the former Elma Rumsey Delavan. Married at City Hall a day ahead of time later announced for a church wedding, they said "we wanted both ceremonies, civil and church. It's done abroad now all the time."

Good Liquor

Rockmart, Ga.—Good liquor never hurt anybody except with bananas," said John Alexander Strup, 109, a few days before his death here Saturday. Bread and milk were his favorite food.

Changes Name of Town

Frankfort, Ky.—Residents of "Poor Fork, Ky." need no longer be ashamed of their town as Governor Fields has signed a bill changing it to "Cumberland, Ky."

Can't Find Hotel

New Orleans—George Carr of Burlington, Iowa, registered in a "small hotel on a narrow street" and went to give Mardi Gras the once-over. Now he can't find the hotel after an all-day search and has inserted an ad in a local paper appealing to the manager of the hostelry to send him his baggage.

Actress Killed

New York, Feb. 17—(AP)—Pauline Armitage, an actress, who has been in ill health, leaped from her room on the 14th floor of the Shelton Hotel on Lexington Avenue today and was instantly killed.

New York May Be Surpassed

Rome—The skyline of New York and the best work of Michael Angelo will be surpassed if the Fascisti have their way, in the Rome which Mussolini has decreed shall be built within five years.

Import Camels

New York—The American Camel Breeders Association, just organized, is to import ships of the desert, tame them at Millerton, N. Y., and breed material for overcoats.

Must Keep Strong

New York—Why Marion Talley, youngest opera star, is plumb: I can't strive for a stylish figure because I wouldn't be able to sing well if I didn't keep strong."

124 Inquiries

London—The most curious M. P. is Lady Astor. In a little over two months she has asked the Government more questions than any other member. Her inquiries total 124.

Not Suited For Rail Work

Leningrad—Women are unsuited for railroad work, the Government has decided. No longer may they drive or fire locomotives, couple or dispatch trains.

Lots of State

Boston—There probably will be a lot of static next month. The champion fiddler of the North Atlantic states will receive a cup from Henry Ford after a contest over the radio.

Plebian Delight

New York—The pedestrian soon will be as rare as the dole, in the opinion of the Reverend John Hay-

To Be Presented at Court

London—Suzanne Lenglen will be presented at court in June during the Wimbledon tournament, the Daily Mail says, through the good offices of the French ambassador. As for Helen Wills, it looks as if it is up to Ambassador Houghton.

Prince to Attend Dance

London—Court mourning ends Saturday and the Prince of Wales has accepted an invitation to do a little jazz dancing at a ball next Tuesday night. The girls have noted that no longer does he carry one arm in a sling.

DEAN OF RAILROAD
EXECUTIVES TO RETIRE

St. Louis, Feb. 17—(AP)—Charles E. Schaff, who will retire from the presidency of the Missouri-Kansas-Texas Railroad Company May 1, has been referred to as "the dean of railroad executives in St. Louis." He has been

in railroad service 56 years, or since he was a boy 15. He has been president of the Katy since 1912.

Retirement of the executive was said at general offices of the company to have been prompted by his age and because of the health of his wife. He plans to go with her to another climate.

Schaff's successor, Charles N. Whitehead, now executive vice president of the Katy, is a product of that railroad. He was born in Princeton, Ills., in 1878 and entered railroad service at Cario, Ills., as a messenger boy in the freight office of the Louis-Southern. He was then 14 years old. In 1895 he began his long service with the Katy, first as a stenographer. He served as clerk and chief clerk in offices at Smithville and Denison, Texas, and in the general freight office at Dallas.

He came to St. Louis in 1902 as stenographer and clerk in the office of the general counsel. He was transferred to New York offices as assistant secretary of the company in 1905 and remained there until 1913 serving as secretary and secretary-treasurer. He returned to St. Louis in 1913 as assistant to the president and in 1914 was advanced to the vice presidency.

"KNOWN FOR ITS VALUES"

THE VERNON RECORD CLASSIFIED

Rapid progress has been made in the medical science. Every once in a while some new discovery is made that promotes the health of the people, and most of these discoveries are in the direction of simplicity. But somehow, the doctors manage to maintain a fairly effective monopoly on these new discoveries, with the result that the cost of keeping healthy remains at a pretty high level.

The foregoing parcel of philosophy was prompted by a letter which reached the prescriptionist of this column yesterday. It came from Miss Lillian Newton, librarian, who has discovered something that may contribute to the sum total of medical knowledge. It may even result in Miss Newton's winning recognition from the medical profession. It might not be amiss to begin, even thus early, to refer to her as Dr. Newton.

Here is Miss Newton's discovery:

"During convalescence there is nothing that makes a patient forget his enforced confinement, and thereby hasten its end, more effectively than a good story," she writes. "I advise all doctors to become familiar with modern fiction. A man was cured of tonsilitis by reading *Strickland Gil-liland's Sunshine and Awkwardness* and another was able to leave the hospital simply by reading *Galusha the Magnificent* by Joseph Lincoln." These are rather impressive citations in support of the discovery that good stories are better than poor medicine, but Dr. Newton is treading on rather sacred ground when she says to advise doctors, as follows: "Every doctor should know how to prescribe exactly the right novel for each particular case. These books do not always produce so happy a result, but the cure is worth trying because in no case could it work harm."

Electra, Texas, Feb. 17.—(A-P)—Authorities are investigating the explosion Tuesday on the Fort Worth & Denver City Railroad right-of-way three miles east of here in which two men were instantly killed, one fatally injured and two other seriously hurt.

FOUR SEAMEN ARE MISSING

TUG AND LINER COLLIDE IN EAST RIVER WEDNESDAY

New York, Feb. 17.—(A-P)—Four men were missing after a collision today between a New York Marine Company's tug and the Fall River Line steamer New Hampshire in the East River near Brooklyn Bridge. Six others, three of whom were in serious condition were taken to Beekman Street Hospital suffering from submersion and exposure.

All of the crew of the tug were thrown into the water by the force of the collision. Nine men managed to cling to floating ice cakes until rescued by the New Hampshire and scene. A three-hour search failed to locate the four remaining men of the tug.

The tug sank immediately, only the top of its smokestack remaining above the surface of the river. The New Hampshire with a damaged bow proceeded to her pier.

COTTON BELT HEAD PREDICTS GOOD CROPS

New York, Feb. 17.—(A-P)—Daniel Upshaw, president of the St. Louis-Southern Railroad, says agricultural reports and the position of the farmers in the Cotton Belt territory are as good, if not better, than last year, and there is every prospect of a well-balanced period of agricultural, industrial and general business activities. In East Texas, Louisiana and parts of Arkansas, conditions are particularly improved. Many debts of long standing have been paid and the banks throughout our territory are in better shape than last year.

TEXAS PIPELINE RUNS SHOW BIG INCREASE

Austin, Feb. 17.—(A-P)—Oil gathered by pipe line in Texas in December aggregated 10,616,861 barrels, compared to 10,428,884 in November. Reagan County, in which the University of Texas lands are located, led with 1,514,587. Wichita was second with 975,285 barrels.

The figures were given out today by the oil and gas division of the Railroad Commission.

GOVERNOR FERGUSON EXPRESSES REGRETS

San Antonio, Feb. 16.—(A-P)—Governor Miriam A. Ferguson in a letter to Alejandro P. Carrillo, Mexican consul general here, has added her regrets to those of the Granger, Texas, Mayor regarding treatment the Mexican official received at a Grangercafe recently.

Carrillo and Mexicans he was visiting at Granger were refused dining room service. The Governor's letter was in response to a protest by the consul general and will be forwarded to Mexico City.

The Mayor's regrets a few days ago included assurance that Carrillo could expect the Mayor's personal hospitality on any future visit.

FORMER VERNON RESIDENT DIES AT DUNCAN, OKLA.

Allen J. Miller, 49, former resident of Vernon, dropped dead Tuesday at his home in Duncan, Okla. He is a son-in-law of Mrs. J. B. Crawford and his brother-in-law, A. H. Crawford left Wednesday to attend the funeral. It is not known whether he will be buried there or at Wichita Falls. Mr. Miller resided here for several years.

Purchase Farm

Lawrence P. Starr, of Odell, has purchased a farm near Bovina, Texas, and will move this week to that place where he will farm on an extensive scale.

FARMER KILLED SWEETHEART ON DAY OF WEDDING

Wewoka, Okla., Feb. 17.—(A-P)—Ernest Higdon, 22 year old farmer in Seminole County jail here, faces possibility of death in the electric chair or a life term in prison as the result of a confession that he shot his sweetheart, Rita May Gosa, 17, two hours before they were to have been married Sunday.

He signed a statement late yesterday after murder charges had been filed against him by County Attorney W. A. Billingsley.

The killing followed the girl's admission that she anticipated motherhood, the confession said. Higdon denied that he was the father of the child and refused to marry her, he said. When the girl declared that her parents, on their return from church, would force them to marry he shot her.

Production of Anthracite Will Start Thursday

J. W. Taylor yesterday asked that an investigation be conducted into the death of his son "Pete" who died at a convict camp after serving eight days of a ten year sentence. An

ouncement by the Attorney General also indicated a grand jury investigation will be asked into the death of James Knox, West Virginian, who died in a convict camp in August 1924. He said efforts had been made to frustrate his inquiry into the case.

Beaten By Negroes.

Mr. Taylor in his complaint filed with Sheriff Henry Cobb of Colbert County, charged that his son was beaten to death by two negro trustees, who had been ordered to punish him.

Prison records showed Taylor died of heart trouble but Mr. Taylor said his son had never been troubled with his heart. He requested exhumation of the body to determine if possible what caused his death.

The Taylor case is similar to that of Knox, who reports says was scalped to death when he failed to dig his share of coal. Prison records state Knox died from poison self-administered. Many newspaper reports said he was scalped to death in a vat, and poison forced into his body by some one at the prison camp. No official denial has been made of these reports.

KNIGHTS OF COLUMBUS TO PROTEST MEXICO'S ACTION

Washington, Feb. 17.—(A-P)—Knights of Columbus of Washington will meet soon to protest against the action of the Mexican Government in closing religious institutions presided over by foreign-born priests. The organization decided upon the step after hearing Archbishop Curley of Baltimore criticize the Mexican Government and the law in an address last night.

He defended the rights of priests in Mexico to protest against the law and while not mentioning prohibition in this country, he made indirect reference to it.

MYSTERIOUS DEATH OF NEGRO BOY INVESTIGATED

Washington, Feb. 17.—(A-P)—The mysterious death last night of a negro boy, 17, whose mother is among those charged with the murder of Clarence M. Isbell, motorcycle officer, was investigated today by police. The boy died at a hospital from a fractured skull without regaining consciousness.

He was brought to the hospital by another negro, who disappeared when physicians were examining the boy.

The negro told doctors the boy had struck his head against a lamp post in alighting from an automobile.

Teh boy's mother, Agnes Williams, is in jail with seven others charged with Isbell's murder. The policeman was shot to death several weeks ago when he halted an automobile driven by negroes.

OFFICERS INVESTIGATE ROBBERIES AT HARROLD

Washington, Feb. 17.—(A-P)—President Coolidge after a brief stay in his office, returned to his living quarters in the White House to seek relief from a heavy cold.

The President conferred with his

advisers in connection with the robbery of the Harrold Drug Store.

The President appeared at his desk at the usual time and transacted business demanding his immediate attention. He has suffered for a long time with a nasal trouble and has taken regular treatment for it.

White House officers do not consider the cold as serious, but said it could be more quickly dissipated if more rest was afforded him.

COUNCILMAN-ELECT GETS PRISON SENTENCE

Washington, Feb. 17.—(A-P)—Antonio D. Pagua, councilman-elect, was convicted today on a charge of sedition and sentenced to four months' imprisonment in connection with alleged insulting words used against Governor General Leonard Wood during a political campaign. On January 8, Pagua was sentenced to two months on a similar charge. Both cases have been appealed.

ARMY AVIATORS TO UNDERTAKE BIG POLAR FLIGHT

New York, Feb. 17.—(A-P)—Lieutenants Leigh Wade and H. H. Ogden, crack American fliers, who circled the globe for the Army, now are to undertake a civilian trans-Polar flight seeking new territory to claim for the United States.

Co-incident with the resignation

from the Army of Lieutenant Ogden

in Washington yesterday, Lieutenant Wade in New York announced

that he too was about to resign, and that the two officers would make the flight.

Lieutenant Wade will lead the ex-

MARKETS

By Associated Press Leased Wire

COTTON.

New York Spot. New York, Feb. 16—(P)—The cotton market opened at a decline of 1 to 4 points, but the lower prices brought in renewed covering by near month shorts and some trade buying in later deliveries. After selling off to 19.98 at the

start, March rallied to 20.04 while October sold up from 18.11 to 18.15, the market showing net advances of about one to three points at the end of the first hour. Selling of new crop months developed at the opening on the weekly report of the weather bureaus indicating good progress with plowing and other preparations for seedling cotton and corn in the Southwest.

The market was comparatively light but generally steady in the afternoon. Demand for March around the twenty cent level at the opening made a favorable impression on sentiment and that delivery sold up to 20.07 during the middle of the morning on covering while October advanced to 18.17, representing net gains of 3 to 6 points. Prices held within a point or two of the opening figures at midday.

Mid-afternoon trading continued very quiet, prices holding around 20.05 for March and 18.16 for October at 2 o'clock or about 2 to 5 points net higher.

New Orleans Spot. New Orleans, Feb. 17—(P)—The cotton market opened easy in readjustment with the parity of the Northern markets which declined during the holiday in the market here. Liverpool cables were favorable and first trades showed losses of 3 to 5 points. Prices eased off slightly after the call, March trading down to 19.39, May to 18.82, July to 18.32 and October to 17.52, or 4 to 7 points under Monday's close. Prices rallied at the end of the first half hour and practically recovered the opening losses.

The market, while comparatively quiet during the morning, developed a steadier tone owing to a resumption of covering of near month shorts rendered uneasy by the small certified stock. March traded up to 19.49, May to 18.93 or 10 to 11 points above the early lows and 4 to 7 points above the previous close. October rallied to 17.58 or 7 points up from the low, and 5 points above Monday's close. Around noon the market was steady and practically at the highs. The better undertone was helped by rains in the Western belt and promise of bad weather for the belt, generally.

The market was steadier with a little more trading during the afternoon and prices stiffened somewhat old crop months making new highs. The main stimulating influence was the promise of rainy and unsettled weather in the belt accompanied by a cold wave. March traded up to 19.52; May 18.94; July 18.44 and October to 17.59 or 7 to 13 points above the lows.

Chicago. Chicago, Feb. 17—(P)—Reports of the failure of a grain company in Great Britain together with a sharp break in Liverpool quotations on future deliveries of wheat had a depressing effect in the Chicago wheat market today during the early dealings. The opening, 7-8c to 2 1-8c lower, May (new) 1.64 1-2 to 1.65 and July 1.47 3-4 to 1.48 1-4 was followed by some upturn from early bottom figures.

Weakness of cash corn acted as a weight on the speculative market for corn and oats. Sales of 25 per cent sample grade of corn were made at as low as 50c a bushel. In some extreme cases, certain grades of corn were apparently on a basis that could net Iowa farmers but little more than 50c a bushel delivered at country elevators. After opening 1-4 to 1 1-8c down, May 78 3-8 to 78 7-8, corn steadied at about the initial range.

Oats started 3-8 to 1-2 to 5-8c off, May 41 to 41 1-8c. Later the market rallied a trifle.

In line with hog values and other grain, the provision market was lower.

HIGH COST OF LOVING
TO BE PRESENTED TONIGHT

A large portion of Vernon's theater-going public journeyed to the Vernon Theater Tuesday night and witnessed the presentation of "Foolish Wives" by Happy Jack Jenks' players. The house was packed, and the audience apparently enjoyed every minute of the two hours required for the presentation of the play.

Jack Stanley, in his role as the leading man's father, one of the old school, kept the audience in an uproar with his "common sense deduction."

The players will present "The High Cost of Loving," at the Vernon Theater, and the newspaper accounts of the work of the Jenks Players in presenting this play are all credits to the company.

Between acts of the feature play, the Jenks Players render comedy sketches that send the audience into storms of applause each time.

COTTON.

New York Spot. New York, Feb. 16—(P)—The cotton market opened at a decline of 1 to 4 points, but the lower prices brought in renewed covering by near month shorts and some trade buying in later deliveries. After selling off to 19.98 at the

start, March rallied to 20.04 while October sold up from 18.11 to 18.15, the market showing net advances of about one to three points at the end of the first hour. Selling of new crop months developed at the opening on the weekly report of the weather bureaus indicating good progress with plowing and other preparations for seedling cotton and corn in the Southwest.

The market was comparatively light but generally steady in the afternoon. Demand for March around the twenty cent level at the opening made a favorable impression on sentiment and that delivery sold up to 20.07 during the middle of the morning on covering while October advanced to 18.17, representing net gains of 3 to 6 points. Prices held within a point or two of the opening figures at midday.

Mid-afternoon trading continued very quiet, prices holding around 20.05 for March and 18.16 for October at 2 o'clock or about 2 to 5 points net higher.

MRS. BERRY ENTERTAINS TUESDAY BRIDGE CLUB

Mrs. Keith Berry pleasantly entertained members of the Tuesday Bridge club and other guests Tuesday afternoon at her beautiful home on West Pease Street.

Mrs. Frank Byrd won high club score and was given a decorated mail box. High guest prize, a dainty apron, was won by Mrs. Katherine Waggoner. Mrs. W. B. McCaleb won low score.

Roses and sweet peas were used for decoration and a hint of the approaching birthday of the first president was conveyed in the place cards and favors.

A very delicious salad and ice cream was served. The nut cups for the course were miniature cocked hats of Colonial days and the favorite head gear of George Washington.

The guest list included Mrs. Joe Summer, Miss Adele Summer, Mrs. Frank Byrd, Mrs. Dan Summer, Mrs. E. L. McCarter, Mrs. O. O. McCurdy, and Reverend O. P. Clark.

Mrs. George Hardin, Miss Esther Swartwood, Mrs. E. O. Younghood, Mrs. John A. Storey, Mrs. W. B. McCaleb, Mrs. Clint Swartwood, Mrs. Katherine Waggoner, Mrs. A. D. Skinner, Mrs. Y. H. Babasin, Mrs. E. L. Lissman.

Vernon's Business and Professional Women's Club was organized Tuesday night at the Library auditorium, with eighteen active members and two associate members.

Officers elected were Mrs. Bertha A. Ross, president; Miss Etta Mae Rogers, vice president; Miss Irene Vaughn, recording secretary; Mrs. Clarence Teel, corresponding secretary; Mrs. Ralph King, press reporter and Miss Emma Gunter, parliamentarian.

The organization will be perfected at the next meeting which will be held at the library, at 7:30 o'clock Tuesday night at which time standing committees will be appointed. The constitution and by-laws committee, Miss Essie McLarty; Miss Alice Gibson and Miss Ina Westbrook, and the luncheon committee, Miss Emma Gunter, Mrs. E. E. Winder and Miss Myrtle Mcroskey, were appointed and will report at the next meeting.

Mrs. W. H. Huggins, president of the County Federation of Women's Clubs, who is a member; Mrs. J. N. Allison, former member of the Wichita Falls Club and Miss Irene Vaughn who had been a guest of the Temple Club, recently, told of the splendid work being done by the organization in other cities.

It is the plan of the club to hold weekly luncheons at which time the business of the club will be transacted and program will be given.

The purposes of the organization are to promote the interests of business and professional women; to encourage greater co-operation among them; to elevate standards; to extend opportunities and to create fellowship.

The National Federation is represented in every state in the Union and in the Hawaiian Islands. The organization is non-sectarian, non-political, self supporting and self governing and has a membership of about 40,000.

Mr. Grisham came to Vernon four years ago from Medicine Mound and for three and one half years was in the employ of the Tex Fair. Since January 1, he has been in the sales department of the Anderson store. His parents live near Quanah.

Mr. and Mrs. Grisham will make their home on Eagle street.

PROLONGED DELAY IS NOT JUSTIFIED

COURT CLOSES BUSY SESSION

JOINER MURDER CASE FEATURING WINTER COURT TERM

Present indications are that there will be no speedy agreement between the House and the Senate on the revenue bill, providing for drastic reductions in the various Federal levies. It is possible that the differences will not be adjusted in time for the measure to be effective on the payments due on March 15.

Both Houses displayed unusual responsiveness to the public demand for early action by quickly passing the legislation designed to reduce the tax burden of the country. It is to be hoped that this fine record will not be set at naught by prolonging discussion between the two conference committees.

The chief point of difference is the provision in the Senate bill for the repeal of the inheritance tax. The House leaders seem as determined to retain the inheritance tax as the Senate conferees are to have it eliminated.

Of course, there are other differences, but the division over this particular levy seems most serious.

The repeal of the inheritance tax, it seems to The Record, is highly desirable. This is a capital levy and a capital levy is justifiable only in national emergencies. The inheritance tax came into being as a war measure and as such there were no special objections to it. Nor were there objections as long as it seemed necessary in order to provide sufficient money to run the Government.

It is pretty generally agreed that there is no longer any necessity for the inheritance tax from this standpoint. Sufficient revenues are available from other sources. But desirable as it may be to have this tax eliminated, the Senate cannot justify prolonged delay in an effort to have its position accepted by the House. The new bill, even with the inheritance tax included, is far better than the old law, and its reductions should be made effective on the payments to become due next month.

NATURAL GAS SEEMS ASSURED

The unusual quantity of pipe being shipped into the territory between Vernon and Childress indicates that the Upman Company means business and that in due time Vernon, along with other towns between here and Childress, will be enjoying natural gas service.

Almost every siding between Vernon and Childress on the Fort Worth & Denver is being used to unload pipe. It is not known just how many cars have been received at points along the line, but at the rate cars are being received and unloaded it will not be a great length of time until there will be sufficient pipe on the ground to complete the main lines.

This is encouraging news to the people of Vernon. Some have been inclined to doubt whether the Upman Company really intended to go ahead with the project. This doubt has been occasioned by the numerous disappointments we had on the natural gas situation in the past ten years.

Some have become apprehensive that this latest project would also fail, because very little has been said by the officials of the Company since the franchise was obtained from the City. What bits of information newspapers have been able to obtain came from the most part indirectly, from railroads and other sources, and the result has been that many people had abandoned hope of seeing the gas lines built.

But there can be no doubt of the purpose of the Upman Company to pipe gas into towns along the Denver road. The investments in huge supplies of pipe to be used in laying the mains is itself a guarantee of the intentions of the Upman Company. Nobody would spend the money this company has already spent unless he meant business. There is every reason to believe that in due time Vernon will be served with natural gas.

COURT CLOSES BUSY SESSION

JOINER MURDER CASE FEATURING WINTER COURT TERM

The January term of the 46th District Court was closed here at 8 o'clock Saturday night after one of history. The court was busy throughout the final day of the session, and the docket was practically cleared.

Several night sessions were held during the term, which was one of the busiest ever experienced.

POLICE FIND TWO BODIES

OMAHA OFFICERS FIND BODIES IN AUTO ON OUT-SKIRTS OF CITY

Omaha, Nebr., Feb. 17.—(P)—A man and woman were found dead in an automobile on the outskirts of Omaha today. Police said they had been shot.

Detective Keane said the couple appeared to be 30 or 35 years old. The car had been rented early Tuesday to a man giving the name of S. R. Ward of Omaha.

The coroner said it appeared to be a case of rejected love and subsequent murder and suicide. Both had been shot through the temple and a revolver was found clutched in the man's hand he said.

FOUR MURDER SENTENCES ARE AFFIRMED WEDNESDAY

Austin, Feb. 17.—(P)—The Court of Criminal Appeals today affirmed four sentences for murder, overruled motion for rehearing in one murder case and reversed and remanded two murder cases.

Life sentence of George Bankard, convicted in Polk County for the murder of W. C. Richards, April 2, 1925, was affirmed.

Fifty year sentence of Frank Calabrizi, convicted in Palo Pinto County for slaying L. N. Wimberly December 3, 1924, was affirmed.

Motion for rehearing of W. F. Arkle, convicted in Dallas County, of slaying Birdie Williams April 27, 1925, was overruled.

Ten year sentence of Tom Young, convicted in Grimes County of murder in connection with the killing of F. M. Beckham August 11, 1925, was affirmed.

Five year sentence of E. B. McClure, convicted in Wichita County of murder in connection with the slaying of Wesley Lish, December 5, 1924, was affirmed.

The court reversed and remanded the case of P. W. Howard, sentenced to life imprisonment in connection with the beating and shooting to death of N. V. Nixon in Ward County, September 19, 1925, because inadmissible testimony of the wife of one of the principals was taken and the court erred in not granting a new trial.

Conviction of Frank Wilkes of murder of Dallas Morris, February 15, 1925, and sentence of 15 years in Newton County were reversed and remanded.

Assault to murder conviction and three year sentence of Bill Baker in Guadalupe County for attack on John Wright April 26, 1924, was reversed and remanded because the court erred in denying right of new trial.

FATHER OF GROCERY STORE PROPRIETOR IS WOUNDED

Breckenridge, Texas, Feb. 17.—(P)—Shot in their grocery store last night as customers looked on, Kenden J. Vick, 28, is dead and his father, J. M. Vick is in a hospital with wounds in one arm and chest. George F. Blackburn was at liberty today on \$10,000 bond charged with the shooting. Blackburn is said to have invited the younger Vick out of the store for a private talk. They were making toward the door when the father approached the two and the shooting is said to have started.

Blackburn declined to publicly explain the cause of the shooting.

DE MOLAYS ELECT FOUR NEW MEMBERS TUESDAY

A good attendance was present at the openhouse meeting of the De Molay Tuesday night, according to E. M. Haney, adviser, and four new members were elected to the order. New members are Tommy King, Percy Vaughn, Dillard Starr and Paul Owens. The new members will be initiated at the meeting Wednesday night, February 24, according to Mr. Haney.

Approximately fifteen new members will be initiated into the order on March 2, at which time the order will give a big banquet. Mr. Haney is planning to make this banquet one of the outstanding events in the history of the local De Molay. The Wichita Falls chapter has been invited to attend and take part in the initiation of the new members.

The new officers are learning their work rapidly.

FORMER A. & M. CHIEF CLERK WILL MAKE BOND

Bryan, Texas, Feb. 17.—(P)—Attorneys for Charles A. Felkner, former chief clerk of the experiment station at A. & M. College today announced their client would make bond for \$25,000 in connection with indictments charging misapplication of experiment station funds.

Felkner was indicted by the Brazos County Grand Jury Monday on two charges of forgery, ten alleged fraudulent entries in books of accounts and 25 for alleged misapplication of public funds.

A firm of auditors from Houston examined Felkner's books but made public no estimate of the alleged shortage which is understood to approach \$100,000.

High School May Not Have Baseball Team This Season

Vernon is not likely to have a high school baseball team this season. Coach G. H. Wilemon announced Wednesday morning, following an athletic meeting Tuesday night. The club has no field, the Lion mentor stated. Fair Fair, which was formerly used for a baseball field, has been sold to private interests.

The club was to have held its first workout Wednesday afternoon, but Coach Wilemon says that it is impossible to play on the high school grounds, and that no other field is available at present. He expressed but little hope that a field could be made ready, even if purchased, in time for the coming baseball season.

The Lion mentors stated that the Vernon high athletics would probably be groomed in track and football, sports that can be practiced to a limited extent on the high school grounds.

OIL FIELD BRIEFS

The Landreth Production Corporation is making preparations to plug its D-4, located in section 42, block 4, after the well picked up a strong water sand at 2631 feet. It is expected that operations will be abandoned or the present at least.

Last week the well promised to add another sand to the local production when oil rose 2500 feet in the hole after striking a saturated line at 2585 feet.

Landreth's L-1 has been completed for a 35 barrel producer from a sand at 1863 to 1866 feet. The well also had a sand at 1853-1858 feet. It is located in section 45, block 4.

The corporation is preparing to test out a sand picked up in 1-2 at 2368-2370 feet. The well is located in section 43, block 4.

LIONS START SPRING PRACTICE HERE TUESDAY

Vernon Lion Coaches Baggett and Wilemon Tuesday afternoon sent the prospects for the 1926 Lion eleven through the initial work-out at the spring training of the gridsters. About twenty men reported for the practice.

Coach Baggett said that although the spring training will last several weeks, fundamentals only, will be taught the would-be gridsters.

Daily Record Circulation Growth

November 1, 1925...000

December 1, 1925,...2,000

January 20, 1926,...2650

The growth of the circulation of The Vernon Daily Record has surpassed all hopes of the publishers. The circulation today is more than 1,000 greater than it was expected to be at this time.

The circulation of the old Semi-Weekly Record in the Vernon trade territory has been switched to the Daily Record practically 100 per cent. This proves conclusively that the people of Wilbarger County and adjacent territory tributary to Vernon want a daily newspaper that gives the local news while it is fresh and at the same time keeps them in touch with world news, while it is still news. No other medium gives this service.

The Daily Paper is the Logical Advertising Medium

Get Your Message to the People While It Is Fresh

The growth of The Record's circulation is proof that the people of the Vernon territory want their own daily paper and are willing to pay for it. The Record's circulation growth has been brought about without contests, premiums or other artificial means. Delinquents are not carried on the mailing lists merely to make a showing in circulation. The Record goes to paid-in-advance subscribers. These facts spell 100 per cent reader interest, which spells the maximum of pulling power for advertisers.

HITCH YOUR BUSINESS TO THE ADVERTISING MEDIUM THAT GOES TO THE GREATEST NUMBER OF PAID SUBSCRIBERS.

LIONS PLAN BIG BANQUET

WICHITA FALLS, ELECTRA AND BURKBURNETT CLUBS TO BE ENTERTAINED

Elaborate plans for the four-city Lions Club banquet to be held at the Presbyterian Church here Friday night have been made by the local Lions Club, President W. L. Rhodes announced Wednesday. The best speakers and musical talent procurable has been secured, the president stated.

The banquet to be held here Friday night is the third of a series of get-together meetings held by the Lions Clubs of Wichita Falls, Burk-Burnett, Electra and Vernon. Local officials of the club expect about 120 people at the banquet Friday night.

Notice by Publication in Probate. The State of Texas—To the Sheriff or any Constable of Wilbarger County Greeting:

You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for 10 days previous to the return day hereof, copies of the following notice:

The State of Texas:

To all persons interested in Estate of A. M. Hiatt, deceased, Maggie L. Hiatt has filed an application in the County Court of Wilbarger County on the 3rd day of February, 1926, for the probate of the Last Will and Testament of A. M. Hiatt, deceased, which said application will be heard by said Court on the 15th day of February, 1926, at the Court House of said County, in Vernon, Texas, at which time all persons interested in said Estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Vernon, Texas, this 3rd day of February, 1926.

J. W. BROCK, JR., Clerk, County Court, Wilbarger County, Texas.

COIN SALE TO OPEN SATURDAY

LIONS CLUB PERFECTS SALES ORGANIZATION FOR CAMPAIGN

Saturday has been chosen by the Vernon Lions Club as the day for the inauguration of the Stone Mountain Memorial coin sale, according to W. L. Rhodes, president of the club. A large sales organization has been perfected by the committee appointed by the club, working with Miss Georgia Castlebury, sponsor, and officials of the club expect the quota of \$1,133 to be raised in one day.

A program for the public square near the confederate monument has been planned as an inaugural step in the coin sales. The program will begin at 3 o'clock Saturday afternoon, and will include addresses by a number of prominent citizens, and maneuvers by a unit from the local National Guard, and local Confederate veterans. Mayor Harry Mason, son of a Confederate veteran, will deliver the principal address.

The coin sale organization as perfected by the Lions Club's committee consists of more than 36 high school girls. A headquarters booth will be placed at the corner of Main and Pease streets, and coins will be placed on sale in practically every store in the city.

Stores of Vernon will display Confederate souvenirs in observance of the opening of the sales campaign.

Flashes of Life

Falls Off Horse
Rome—Another royal sportsman has had his bumps. The Duke of Beramo fell off his horse during a fox hunt. Britain with its Prince of Wales and Japan with its Prince Chichibu, hurt in skating, are going to have nothing on these Fascisti.

Wants Honors
Berlin—Now that Germany has joined the League of Nations and shared in heroism of the sea it wants a place in the sun, so far as women's tennis is concerned. Its married champion thinks she can beat the unmarried champions of France and the United States. Frau Robert Neppach is on the way to the Riviera and she's going to the United States later.

Demands Fashion Reform
San Antonio—Fashion reform is demanded by Bishop Droshart, Roman Catholic. A diocesan letter says that what was formerly the exclusive badge of the scarlet woman has now become the vogue. He regards as degrading bathing girls revues in which young women are "appraised like dogs and cattle."

Postoffice Swamped
Winnebago, Nev.—The postoffice is swamped by letters from women because of information that bachelors in the nearby town of Paradise outnumbered the women by 10 to 1. The name of the town is presumably unrelated to the proportion of the sexes.

Hollywood Scandal
Los Angeles—Another Hollywood scandal. There was a horse whip-

ping as the result of accusations of Mrs. Holmes. Criticizing from his pulpit this generation which he regards as insanely bent upon pleasure, he referred to walking as an utterly plebian delight.

To Be Presented at Court
London—Suzanne Lenigen will be presented at court in June during the Whitleton tournament, the Daily Mail says, through the good offices of the French ambassador. As for Helen Wills, it looks as if it is up to Ambassador Houghton.

Prince to Attend Dance
London—Court mourning ends Saturday and the Prince of Wales has accepted an invitation to do a little jazz dancing at a ball next Tuesday night. The girls have noted that no longer does he carry one arm in a sling.

DEAN OF RAILROAD
EXECUTIVES TO RETIRE

Changes Name of Town
Frankfort, Ky.—Residents of Poor Fork, Ky., need no longer be ashamed of their town as Governor Fields has signed a bill changing it to "Cumberland, Ky."

Can't Find Hotel
New Orleans—George Carr of Burlington, Iowa, registered in a "small hotel on a narrow street" and went to give Mardi Gras the once-over. Now he can't find the hotel after an all-day search and has inserted an ad in a local paper appealing to the manager of the hostelry to send him his baggage.

Actress Killed
New York, Feb. 17—(AP)—Pauline Armitage, an actress, wife has been in ill health, leaped from her room on the 14th floor of the Shelton Hotel on Lexington Avenue today and was instantly killed.

New York May Be Surpassed
Rome—The skyline of New York and the best work of Michel Angelo will be surpassed if the Fascisti have their way, in the Rome which Mussolini has decreed shall be built within five years.

To Import Camels
New York—The American Camel Breeders Association, just organized to import ships of the desert, tame them at Millerton, N. Y., and breed material for overcoats.

Must Keep Strong
New York—Why Marion Talley, youngest opera star, is plumb: I can't strive for a stylish figure because I wouldn't be able to sing well if I didn't keep strong."

124 Inquiries
London—The most curious M. P. is Lady Astor. In a little over two months she has asked the Government more questions than any other member. Her inquiries total 124.

Not Suited For Rail Work
Leningrad—Women are unsuited for railroad work, the Government has decided. No longer may they drive or fire locomotives, couple or dispatch trains.

Lots of Static
Boston—There probably will be a lot of static next month. The champion fiddler of the North Atlantic states will receive a cup from Henry Ford after a contest over the radio.

Plebian Delight
New York—The pedestrian soon will be as rare as the dodo, in the opinion of the Reverend John Hay-

NOT just a piece of silk around your collar, but Neckwear that completes the Spring ensemble. Here are Ties from leading American and foreign makers, featuring the newest Spring patterns and offered in full fashioned silks. They're very special at
